

## People of the Promise

God of Abraham  
Lord of Moses  
A Child of David  
this Son of Man

In humility  
Condescends for me  
This is the Christ God's Redeeming Lamb

A Shepherd to all of Israel  
A King to all races of the earth

Oceans can't divide  
His message sanctified  
Cherished mark (i.e. sign, witness) of His once humble birth

### Chorus

Seed of Joseph rise now in might  
Seize the glory long foretold  
Let thy children sing as they claim each promise of old

Ancient voices cry from the dust  
Will you heed their call?  
Lift your eyes to the Savior of us all.

### Verse 1

Bright comes the dawn  
Now the scales of darkness fall (2 Nephi 30:6)  
Now a people of the promise hear God's word to all

Truth seeks her own  
In the Old world or the New  
Rose of Israel in bloom (D&C 49:24)  
The long night has passed  
The sacred covenants have all returned

### Verse 2

Steady and firm  
In faith She makes she makes her way  
For the fruitful bow ascends the everlasting hill. (Genesis 49:22)  
Everlasting hills (Genesis 49:26)

Chorus

Seed of Joseph rise now in might  
Sieve the glory long foretold  
Let thy children sing as they claim each promise of old

Ancient voices cry from the dust  
Will you heed their call?  
Lift your eyes to the Savior of us all.

Ancient voices cry from the dust  
Will you heed their call?  
Lift your eyes to the Savior of us all.
